075-, 100-, 125L	2A, 2B, 3A, 3B, 3C
125-, 150-	4A, 5A
200-, 250-	6A, 6B

ULTRAFLEX HOSE OPTIONS **		
Connection type and Reduction code		
1st	Length	Available Size
	A = 12" hose	1/2"
	B = 18" hose	1/2" thru 1"
	C = 24" hose	1/2" thru 2-1/2"
	D = 36" hose	1/2" thru 2-1/2"
2nd	E = 48" hose	1/2" & 3/4"
	0 = Line Size	
	1 = Reduction	

UltraFlex equipped with female swivel hose end connection toward coil.

* Please consult individual component spec sheets and/or the **Union End Connection Size Guide** to determine exactly if desired reduction size and connection type is available.

** Optional UltraFlex not included in standard pak price. UltraFlex is equipped with female swivel hose end connection toward the coil.

All standard Coil Paks accessorized per catalog detail sheets. Selection of UltraFlex or other available options will increase price. Coil Paks do not include TCV.
